

# VA & Hospice: Working Together

## Webinar Series

In 2010, the Reaching Out to Veterans Project was offered to hospice and end-of-life professionals around the state of California and was well received. As a follow up, CHAPCA is pleased to expand this program by offering a webinar series that will spotlight key clinical and psychosocial issues in working with veterans.

Scheduled four times beginning in July and ending in October from noon to 1:00pm, these 'lunch and learn' webinars will provide participants with the knowledge and tools to assess the unique needs of Veterans. By recognizing their needs and effective ways to meet those needs, you will be better prepared to improve the quality of end-of-life care for Veterans and their families.
